

The Global Language of Business

Safer, more efficient care starts with a simple scan

---

Scott Mooney, McKesson  
GS1 Healthcare Tri-Chair

# We have had a lot of great topics to discuss

---

Some of these include:

- Higher adoption of GS1 standards by hospitals
- Use of GS1 standards expanding globally (Africa)
- The continued need for quality in master data
- High level of commitment to adopt GS1 standards for identification of investigational products

**And many, many more!**

# A week of learning and inspiration...

- Our **35th** conference
- **More than 415** attendees from **over 49 countries**
- **76** local and global speakers
- **Thousands** of personal contacts and exchanges throughout the week

ADENTS

# Thank you also to...

- Every one of our presenters
  - Including the regional speakers who shared their knowledge so openly
- The team at H.U.T. GmbH
- The Hotel van Oranje
- The photographer and the cameraman

# Be sure to complete each feedback form!

**For every feedback** form completed in the conference app, **GS1 will donate €5 to CliniClowns.**

If you **have spare coins, be generous, and leave them for CliniClowns** in the donation container by the back door!

We will see you soon in New Delhi!  
5-7 November 2019
